

GAC Consensus Advice: Applicant Response Form

If you would like to respond to GAC Consensus Advice affecting your application and have your response considered by the GAC and the ICANN Board, you must perform these tasks before the deadline communicated to you by ICANN via the TLD Application Management System (TAMS):

1. Download and complete this form
2. Save it as a pdf with the following name: [Application ID]_GAC Consensus Advice_Applicant Response_[YYYY-MM-DD]

For example, if your application ID is 12345 and you submitted your response on 23 March 2027, the name of the document will be "12345_GAC Consensus Advice_2027-03-23".

3. Upload the document to the Document Library on TAMS

By submitting this form, the applicant accepts to abide by [ICANN's electronic Terms of Service](#) and acknowledges that its personal data will be processed in accordance with the [ICANN Privacy Policy](#) and the New gTLD Program: 2026 Round Privacy Policy, which can be found in [Appendix 9](#) of the [New gTLD Program: 2026 Round Applicant Guidebook](#). The applicant also acknowledges that this form will be posted publicly on the New gTLD Program website.

Application Information

Application ID*

The unique application ID in the form 1-111-11111, as per TAMS

String*

The applied for gTLD against which the objection is being filed; IDN strings should be in the UTF-16 format

Applicant Name*

Full name of the applicant entity that applied for the gTLD, as per TAMS

Response

Continue to the next page to provide your response.

GAC Consensus Advice: Applicant Response Form

Response

The questions below are provided for guidance only. They are not exhaustive, and applicants are not required to answer any or all of them.

- *Please provide the applicant's understanding of the Advice.*
- *Does the applicant require any clarification of the Advice?*
- *Does the applicant have any additional information that may assist the GAC and the ICANN Board in reviewing the application?*
- *Is the applicant planning any mitigation strategies to address the concerns noted in the Advice? If so, what mitigation strategies does the applicant intend to take?*
