

**.africa**

***The launch of .africa has transformed from just a domain name into a unified digital identity for Africans and Pan-Africans globally, catalyzing economic development and offering a dedicated digital space to foster a connected Africa.”***

**Lucky Masilela  
CEO  
Registry.Africa**

Born from a vision to unite 1.2 billion people across 54 countries, .africa emerged as the official top-level domain (TLD) for the African and Pan-African communities. .africa creates a singular online identity - enabling e-commerce, technology, and infrastructure to flourish.

---

With over 55,000 active domain names as of June 2025, its success is a testament to strong community buy-in, official endorsement, and a commitment to a stable, secure, and accessible Internet for all of Africa.
